Classroom-ready printable pack · Grades K–8

Pack contents

neutral character mats and clothing pieces Two student sets are included.

Teacher directions

1. Give partners identical materials and place a barrier between them.
2. The Describer selects a hidden model or challenge.
3. Use precise shape, size, orientation, pattern, and position language to guide the Builder.
4. Compare, find the first mismatch, revise one direction, and switch roles.

Before class

- Print at 100% on US Letter paper. Use cardstock or laminate for reuse.
- Cut on the thick solid borders. Keep Set A and Set B separate.
- Give challenge/model cards only to the Describer.
- Use a folder, book, or tabletop barrier so partners cannot see each other's work.

Accessibility and accommodations

Begin with fewer pieces; provide the vocabulary strip and allow repeated directions. Items use text, shape, pattern, or icon rather than color alone.

Dress the Character reference

Teacher reference

Compare item count, relative size, orientation, overlap, sequence, and position. Included models are original and noncommercial. Accept alternatives when supported by the prompt.

Avoid judging identity, culture, emotion, diet, ability, or historical experience from appearance alone; adapt examples to local curriculum and student needs.

Quality check after a round

- Can each student identify pieces by shape or label without relying on color?
- Do both models match in pieces, order, orientation, and relative position?
- Which direction was most precise? Which should be revised?
